Delta Mobrey Limited, as manufacturer of the above products, declares that they are outside the scope of the European Union directive 2014/30/EU on the harmonisation of laws relating to electromagnetic compatibility (EMCD) as they are inherently EMC benign (Article 2(2d)).

They are simple electro-mechanical switches with no active electronic components and as such are immune to electromagnetic interference. Switches without active electronic components are considered to be incapable of generating or emitting electromagnetic emissions which exceed a level allowing radio and telecommunications equipment and other equipment to operate as intended. (European Commission Guide for the EMCD (Directive 2014/30/EU) 19 December 2018).
